_ To save space, and too constant repetition, a slight alteration has been made in printing the pedigrees of the Cows. After the great grandam, it will be observed, a blank or hyphen, thus —, has been substituted for the literal abbreviations “gr. gr.” Should this, as it is hoped, be found to read altogether easy and intelligible, the Editor purposes to adopt it more generally in future, as the space so spared enables him to give all the pedigrees in full, instead of finishing many of them with the “&c.” that has hitherto been occasionally employed.
